LOOK TO THE FUTURE

The future of Lancaster High School's basketball teams is somewhat molded by Coaches Jones and Wamphler. These two men coach the reserve and freshman teams respectively. Mr. Jones' reserve team had a fine 1956-57 campaign. What it lacked in height, it made up in fierce, aggressive play. The "Little Gales" had a fine winning combination in the early part of the season until the "flu bug" sidelined several players. After the epidemic, the team fought back to finish in a flurry of victories.

Mr. Wamphler has the difficult job of finding and developing the unknown hard-court stars. He teaches fundamentals and teamwork to the freshman hopefuls. The frosh had their games and received more than their share of praise for Lancaster High. The school is looking forward to seeing them play next year before the varsity game.
