GENERAL SHERMAN JUNIOR HIGH SCHOOL

It Happened in 1958! Our two

The total educational program of Lancaster has been strengthened and enriched through the new organization now in operation for the first time. These two fine junior high schools have made possible new facilities, broader curriculum, and a greatly expanded educational experience for the young people of this city.

THOMAS EWING JUNIOR HIGH SCHOOL

Junior High Schools Opened . . . It's the truth you know!

These new facilities represent a partnership of all citizens who desire a stronger educational system for their children. These buildings stand as a great tribute to the citizens of Lancaster who have a deep faith in the future of our student body.

"Where there is no vision, the people perish."

J. E. Brown
Superintendent of Schools
